

High performing primary care webinar series

Series one: Continuous Quality Improvement (CQI) and Practice Incentive Program Quality Improvement (PIP QI)

Claim
Category 2
CPD points

Northern Queensland Primary Health Network (NQPHN) and AGPAL have teamed up to provide a free targeted education program via a three-part webinar series for healthcare providers in our region.

Topics:

- understand the relevance of the Quadruple Aim at a practice and system level
- explain the importance of continuous quality improvement (CQI) in relation to professional and practice goals and how it assists with PIP QI
- creating a CQI culture
- model for improvement
- list the components of a quality management system
- digital resources for practice self-driven CQI
- apply the model for improvement and conduct an authentic Plan, Do, Study, Act (PDSA)
- develop a system for measurement for improvement
- PIP QI eligibility and develop an implementation plan for your practice
- PIP QI guidelines and improvement measures
- PIP eligible data set and the data governance framework
- payments, applying, withdrawing, obligations, rights of review and audits of PIP QI
- identifying priority areas for QI activities
