

Paediatric Eating Disorders webinar mini-series

Join this free, online interprofessional mini-series led by an expert panel:

Dr. Michelle Boyd – Facilitator, Paediatrician

Dr. Sam Catania – Child and Adolescent Psychiatrist

Edith Nkwenty – Mental Health Nurse Practitioner

Amy Davis – Dietitian

Starting 4th of August, then running weekly

18th of August – 8th of September (Wednesdays) from

5:30-6:30 pm AEST

We welcome primary care (GPs, practice nurses) and education professionals (school based youth health nurses) who support children with eating disorders, to join in.

These webinar sessions will bring professionals up to date with the latest information and advice for supporting children and young people with eating disorders.

Every session will have a short presentation on topics including:

- Assessment of eating disorders
- Medical Complications
- Eating Disorder diagnoses – Understanding the spectrum of illness
- Nutrition for Adolescence & eating disorders specific advice
- Tips & tricks – GP support for families in treatment

All presentations will be followed by Q&A
