

Statewide Palliative Care Sector Education Webinars

Topic: Palliative Care in relation to Voluntary Assisted Dying (VAD)

To continue the conversation as identified in the [Palliative Care in Queensland 2021 Priorities](#), this webinar will explore how the sector educates Queenslanders on the distinction between VAD and palliative care, and the system reform required to appropriately support individuals with the levels of palliative care they need. Our presenters will explore how we provide support and promote self-care to the palliative sector (including generalists and specialists) during the deliberation on VAD as palliative care staff respond to the VAD inquiries that arise, and as they address misunderstandings about VAD and its distinction from palliative care.

Panellists:

Prof Chris Perry
President, AMA Queensland

Prof Leeroy William
President, Australian and New Zealand Society of Palliative Medicine

Shyla Mills
Chief Executive Officer,
Palliative Care Queensland

Statewide Webinar

Time - 7:30am to 8:30am

Zoom webinar login details will be provided to registered attendees via email.

Cost - Registration categories

PCQ members: Free Townsville Area: Free
