

INVITATION FOR GPs

Voluntary Assisted Dying webinar

Wednesday 5 October 2022, online webinar

Queensland Health and the Queensland Primary Health Networks invite Queensland GPs to join a webinar with our panel of experts from the Voluntary Assisted Dying Unit.

Voluntary assisted dying (VAD) will be available in Queensland from 1 January 2023. During this webinar GPs will learn how voluntary assisted dying is being implemented to support the delivery of high quality, safe and compassionate VAD services in the state.

We encourage GPs to attend and have the opportunity to ask questions to our panel of experts prior to the Queensland Voluntary Assisted Dying Conference on Saturday 29 October.

Questions for this webinar can be sent in advance to VADImplementation@health.qld.gov.au.

Program (6.00 pm - 8.00 pm)

Welcome and overview of voluntary assisted dying in Queensland

Voluntary Assisted Dying Unit

How to respond to questions about voluntary assisted dying
