

# High Quality Data with a First Nations Lens - Best Practice Software

For general practices

Northern Queensland Primary Health Network (NQPHN) and Train IT Medical invite general practice staff across the NQPHN region to a live one-hour webinar demonstrating how to optimise First Nations data using Best Practice Software.

Presented by Principal and Owner of Train IT Medical Katrina Otto, one of Australia's leading Practice Management Consultants, and a highly respected, approved medical software trainer.

#### Learning outcomes:

- develop an understanding of why high-quality data is essential for the continued sustainability of your health service
- identify and record First Nations status
- utilise available technology to assist with continual data improvements.

#### Date

Wednesday 2 November 2022

#### Time

Program: 6.30pm–7.30pm

#### Where

Via Microsoft Teams
