

FNQ Heart Failure Workshop

For healthcare professionals

Join the Cairns and Hinterland Heart Failure Service and Northern Queensland Primary Health Network for a free full day workshop of learning and discussion.

Topics:

- latest treatment updates in the management of heart failure
- titration of heart failure medications
- multidisciplinary health care services available for heart failure
- cardiac implantable electronic devices in heart failure.

Presenters:

- Electrophysiologist and Heart Failure Lead Dr Kevin Ng MBChB, MRCP (UK), FRACP, FHRS
- Cardiologist Dr Sean Nguyen Bsc (Hons), MBBS, FRACP
- Palliative Medicine Physician Sophia Lam FRACP, FACHPM
- Cairns Hospital Multidisciplinary Heart Failure Team.

As of Monday 15 May 2023, interested participants will only be able to register to attend via webinar, with a webinar link sent to participants upon registration.

Learning outcomes:

- identify recent evidence-based changes to international consensus guidelines
- determine the appropriate management of heart failure symptoms and disease modification
- integrate lifestyle and psychosocial factors in a multidisciplinary approach
- identify cardiac conditioning and its importance in quality of life.

This is an RACGP-approved CPD activity under the RACGP CPD Program.
