

Health professional webinar

**Tues 17 Oct, 2023
7:30PM-8:30PM
AEDT**

Did you know that about 50% of referrals to nephrology services do not meet Australian referral guidelines?

This case-based activity will delve into when and what comprises an effective referral to a nephrologist. Kidney failure treatment options, particularly dialysis, and the shared-decision pathway will also be discussed.

Kidney failure: integrating primary and tertiary care
