INNOVATIONS IN PAIN THERAPY

Education, best practice and services for those living with chronic pain at home, in the workplace and socially.

We welcome chronic pain patients, families and carers, business representatives, clinical and holistic professionals.

The Expo will showcase **scientifically proven alternative options** used in reducing the pain experience, information in drug safety, self-care and self-awareness practices & services necessary for daily function.

BOOK YOUR TICKET NOW or call us TODAY!

“The Power of Perspective” A presentation not to be missed! Global audience numbers now exceed 900,000 people.

Michael will share his remarkably inspiring story of **overcoming extreme adversity to achieve incredible outcomes in both his personal and professional life.**

Despite and because of **spending nearly 1/4 of his life in hospital**, Michael’s ability to help shift your mindset, instill perspective and have you determined to become the best version of yourself, will amaze and inspire.
