

Cold chain management update

For general practice staff

Northern Queensland Primary Health Network, together with the Mackay Public Health Unit, invite general practice staff to an update on cold chain management.

Topics

- Cold chain management requirements.
- Immunisation schedule changes.
- Maintaining cold chain, including during power outages.
- Packing a portable esky according to cold chain requirements.

Participating general practices will receive a Sof-Pac insulated premium cooler bag to use in their practice.

This update is presented by Mackay Public Health Unit's Public Health Nurses:

- Natalie Tibbles
- Rachel Waye
- Yvonne Vickers.

To attend this session virtually, please choose the videoconference option when registering online.

Light refreshments will be provided.
