

# Mackay Disaster Planning Workshop for Residential Aged Care Homes

[Click here to register](#)

## Does your facility have a current Disaster Management Plan?

Northern Queensland Primary Health Network (NQPHN) and Mackay Hospital and Health Service invites you to a FREE Disaster Planning Workshop for Residential Aged Care Homes (RACHs).

This workshop is for anyone within your RACH who has input in planning for disaster management and business continuity planning.

### The event aims to:

- increase understanding of Queensland Disaster Management arrangements and responsibilities
- promote tools and resources to assist aged care homes in developing emergency plans
- facilitate scenario discussion to workshop considerations across agencies and facilities
- increase awareness of local hazards and risks
- enhance resilience networks for the aged care sector.
