Wednesday 7 August 2024 | 6:00pm - 9:00pm ONLINE

## An Evening Exchange with Hans Erik Henriksen

Unravel the intricacies of Denmark's healthcare transformation, digitalisation for supporting home treatment, and ways to advance elderly care in Australia.

Join us for an evening of insightful conversations with Hans Erik Henriksen. We'll explore Denmark's healthcare reform and its implications for the global healthcare landscape. Through captivating discussions and Australian case examples, we'll unravel the intricacies of healthcare transformation, digitalisation for supporting home treatment, and ways to advance elderly care. Register now and join us online as we explore Denmark's transformative healthcare system and its potential application in local Australian contexts.

### CONVERSATION 1. DENMARK'S HEALTHCARE TRANSFORMATION

6:00pm | Facilitated by Monika Wheeler, CEO, Healthy North Coast

### CONVERSATION 2. DIGITALISATION FOR SUPPORTING HOME TREATMENT

7:15pm | Facilitated by Ian Treweek, Director Digital Health Mid North Coast Local Health District

### CONVERSATION 3. ADVANCING ELDERLY CARE

8:00pm | Facilitated by Associate Professor Kate Huggins, Senior Researcher, Institute for Health Transformation, Deakin University

## ABOUT HANS ERIK HENRIKSEN

Hans Erik Henriksen is CEO of Epital Health, which delivers patient-centered digital health solutions and services that help society and healthcare authorities manage chronic patients. Formerly the CEO of Healthcare Denmark, Hans has a solid healthcare background, including being responsible for IBM Healthcare and Life Sciences, Northern and Eastern Europe.

The Centre for Healthcare Knowledge & Innovation invites health and social care providers, program managers and policymakers, students, researchers, and anyone eager to lead positive systems reform to join on a journey to understanding the factors driving better health outcomes. Together, we can be the catalysts for change, transforming healthcare into a more equitable, patient-centered, and effective system. [www.thecentrehki.com.au](http://www.thecentrehki.com.au)
