Welcome to the next meeting of The Cairns Group. Meeting monthly, held on the first Monday or Tuesday of each month, we welcome GPs from across the region to attend this month's session in person or virtually.

**Jude Perrett, Physiotherapist:**

Jude graduated from the University of Queensland in 1996, beginning her physiotherapy journey in hospitals in Australia and the UK.

As well as using her specialty skills, the main treatment tools she utilises are manual therapy and targeted exercise prescription. She particularly enjoys making bodies move more efficiently, using analysis to prescribe specific therapeutic exercises and movement pattern improvements.

**Dr Stephen Salleras, GP:**

With over 24 years experience as a GP practicing in Far North Queensland, Steve has a wide range of interests and experience. He'll bring a local flavour to the discussions, along with the latest information.
