

Provide Cardiopulmonary Resuscitation (CPR) - HLTAID009

Training expression of interest for general practice and pharmacy staff

Northern Queensland Primary Health Network (NQPHN) is inviting expressions of interest (EOIs) from clinical and non-clinical staff working in general practice and pharmacy in the northern Queensland region to access free CPR training.

This course details the skills and knowledge required to perform CPR in line with the Australian Resuscitation Council (ARC) guidelines. This unit applies to all persons who may be required to provide CPR, in a range of situations, including community and workplace settings.

Available places are limited. To secure your place, register your expression of interest by **4pm, Friday 23 August 2024.**

In addition to CPR training sessions scheduled in regional cities Mackay, Townsville, and Cairns, rural and remote general practice staff are strongly encouraged to submit their expressions of interest. Additional sessions will be considered based on the level of interest received from rural and remote areas.

Date

To be confirmed
(Fourth quarter of 2024)

Time

To be confirmed once the EOI has closed.

Where

Locations and venues to be advised.
