

Immunisation Course for Health Professionals

Expression of Interest

Healthcare professionals* working in primary care in the northern Queensland region are invited to express their interest in completing Benchmark Group's [Immunisation Course for Health Professionals](#).

This course has been designed for professionals who can practice as approved immunisation providers. This course provides students with comprehensive knowledge of relevant legislation, standards, and codes of practice regarding the administration of vaccines.

This course is based on the National Immunisation Education Framework for Health Professionals and has been accredited by Health Education Services Australia (HESA).

To learn more about this course, [click here](#), or contact Benchmark Group on 1300 855 568 or at courses@benchmarkgroup.com.au.

Available places are limited. Expressions of interest close **4pm, Friday 10 April 2026**.

*EOIs are open to Aboriginal and Torres Strait Islander health practitioners, general practitioners (GPs), pharmacists, and nurses working within primary care.
