DermEX Skin Cancer Surgical Bootcamp

18-19 JULY 2026

2-day in-person
workshop

Cairns
Venue TBC

Pending ACCRM CPD
accreditation

Join us in Cairns for a two-day, hands-on training experience focused on practical skin cancer surgery techniques.

The **DermEX Skin Cancer Surgical Bootcamp** is being delivered under the NQ Cancer Prevention Program by Northern Queensland PHN in partnership with CheckUP, Dr Vin Rajeswaran, and a team of skin specialists.

The bootcamp will bring together leading experts from across Australasia to share knowledge, skills, and practical insights.

Over two days, participants will benefit from:

- > learning how to choose the most appropriate treatment option for suspicious lesions
- > practice common biopsy techniques including curettage, punch, and shave biopsies
- > practice surgical procedures from basic excisions to advanced flaps and grafts
- > participate in case discussions
- > learn about the latest in melanoma treatments.
